

Paragon Pattern Cutter

Special Features

- Real-Time Adjust Speed and Force Accurately.
- The Capability of Reverse Plotting In only One in the World.
- Memorize Posting Of Present Plotting Automatically in Whole-Procedure With Closed-Loop System.
- Asynchronous Transfer Mode (ATM), Real-Time Error Correction, Real-Time and Bi-Directional Operation.
- Advanced Differential Graphic Docking And Positioning Technology.

Technical Information

Parameters	PFC-1512N	PFC-1509N	PFC-1610R	PFC-1800R
Cutting Width	1500mmx1200mm	1500x900mm/500x1600mm/500x 1800mm		
Regulation	Vector :0.0125 Raster :600DPI			
Plotting Speed	Vector:1200mm/sec, Raster:40-120Sqm/Hr/...			
Cutting Speed	1300mm/Sec			
Thickness Of Media	0.5mm-2mm			
Line Quality	Works precisely,shortly,and no gap between two contiguous sections			
Compatibility	HPGL(special format can be back-ordered)			
Paper Availability	Plotting:45g-450g; cutting:45g-450g The customer-order of 450g and up option is available			
Power Availability	90/264V,47/66Hz			
Max. Paper Feeding Area	120cm×150cm/150x 90cm/50x160cm / 50x180cn			
Max. Cutting and Plotting Area	120cm×150cm/150x 90cm/50x160cm / 50x180cn			
PC Interface	RS-232,USB2.0			
Operation Keyboard	Digital keyboard is front of machine,real-time operating is easy and accurate
